BHSI overview

The BHSI endorses you as an ambassador for the BHS, showing commitment to the continued development and leading standards of equitation and coaching with the welfare and wellbeing of the horse central to your coaching philosophy. You will be skilled in coaching riders and training horses.

A BHSI will have a broad knowledge in all aspects of business and yard management, including maintaining horse health and wellbeing, care of competition horses and the breeding and management of young horses.

Offering a natural aptitude and empathy in your riding and coaching, you will utilise your strength as a good communicator to impart knowledge with enthusiasm, clarity, and impact. This career certificate will endorse you as a leading coach.

How to achieve the BHSI (Dressage route)

The BHSI qualification is awarded upon completion of the following assessments:

Stable Managers
 Business Management
 Working Horses from the Ground
 Riding – Dressage
 Coaching – Dressage

You must complete the Riding and Coaching assessments within the route chosen – you cannot mix and match between different disciplines or routes for the BHSI qualification. Assessments must be taken at a BHS Approved Assessment Centre.

Each assessment is a qualification, and you will be awarded a qualification certificate upon achievement.

Once all assessments listed above have been achieved, you will be awarded the BHSI certificate. You will be able to list BHSI after your name, should you wish.

The BHSI Dressage route is assessed to the following riding and coaching standards:

Dressage riding	Dressage coaching
Progression beyond Advanced Medium	Progression beyond Advanced Medium

Other routes available

There are also discipline specific options in Eventing or Show Jumping, or a general route at BHSI level.

This document contains the information for the BHSI Dressage route, go to our website for more information on our other routes.

Assessment fees

Assessment fees can be found on our [website](#) or contact our Education team.

We are delighted to offer Accredited Professionals a 25% discount on assessment fees (UK and Ireland assessments only).

Training for the BHSI

We recommend formal training at a BHS Approved Centre or with a BHS Accredited Professional Coach. You can find all these details, and any planned training events and assessment dates on our website.

We also have a dedicated Facebook page that links people to training. Search for 'BHS Training Hub' on Facebook, or you can contact the Education team for a link to join.

Please note:

- You cannot take BHSI assessments at a centre you currently work in or have worked in during the last 12 months.
- You can train at an assessment centre (at which you will sit the assessment) for up to six sessions prior to the assessment.

If you need any guidance or support along the way, please contact our Education team on 02476 840508.

Delivery, assessment, and quality assurance of BHS qualifications

The BHS is responsible for the management and delivery of the BHSI qualification. The BHS has policies and procedures in place to support candidates. We strongly recommend that all candidates are familiar with BHS [policies and procedures](#). You should also be familiar with our [assessment booking terms and conditions](#) before you book your assessment.

The BHS has a responsibility to recruit and develop a team of Assessors and Internal Quality Assurers to maintain the standard and quality of assessments. The BHS approve and monitor a network of approved assessment centres/venues that can deliver training and assessments in the UK and internationally. The BHS offers regular training to trainers, centres, and assessors to ensure the latest developments in standards are communicated and maintained.

Support available to you

The BHS is committed to making sure all its activities are conducted fairly, transparently, objectively, and free from bias. We aim to promote equality, diversity, and inclusivity within assessment. Adjustments to assessment may be needed to support candidates to succeed.

For more detailed information on these areas, as well as further information about eligibility criteria, the types of reasonable adjustments that can and can't be applied for, timescales for submitting applications and the application process please see our [Access to Fair Assessment, Reasonable Adjustments and Special Consideration Policy for BHS Assessments](#).

Assessment: Coaching

Qualification title: BHS Stage 5 Coaching – Dressage

Upon achievement of the qualification, you are able to list or advertise *Stage 5 Coach* after your name, should you wish.

Entry requirements:

- BHSQ Stage 4 Senior Coaching Dressage (unit), BHSQ Stage 4 Senior Coaching Eventing (unit), EQL Level 5 Diploma in BHS Intermediate Teaching of Horse Riding, BHS Intermediate Teaching Test or equivalent or direct entry.
- A minimum of 18 years of age.
- BHS Accredited Professional or BHS Gold Member.

Assessment overview

This qualification covers essential knowledge and skills required to coach horse and rider partnerships, with emphasis on horse welfare, wellbeing, longevity, and versatility. The focus will be on helping riders who are preparing for competition at the levels stated in the syllabus.

The assessment involves six sections. All sections must be achieved on one assessment day for the qualification to be awarded. Sections cannot be 'banked' for any re-sit attempt.

The Coaching assessment will usually last for approximately four hours (half-day assessment). The assessment must be taken at a BHS Approved Assessment Centre. You will coach three sessions throughout the assessment and complete a theory section via professional discussion.

The sections in the Coaching assessment may be assessed in any order.

Section overview

Within all your coaching sessions you will assess your horse and rider. Following your assessment, you should have a clear structure, plan, and goal. You may choose any exercises providing the rider has a clear understanding of it and it is within the horse and rider's capabilities. The aim of the session is to assess, evaluate and improve the horse and rider combination. You must coach with empathy, effect, and understanding for the horse's capacity to learn and their wellbeing.

1. Coach a private lesson to improve performance of horse and rider

You will coach one horse and rider combination in this session. The combination will be preparing to move on from Advanced Medium. There will be a pre-prepared area with dressage markers.

Section 1 will last approximately 45 minutes; your coaching session should last 40 minutes, and an additional 5 minutes allowed for discussion with the assessor.

2. Coach a private lesson to improve the horse's way of going

You will coach one horse and rider combination in this session. The combination will be working up to Advanced Medium.

Section 2 will last approximately 45 minutes; your coaching session should last 40 minutes, and an additional 5 minutes allowed for discussion with the assessor.

3. Young, green or inexperienced combination of horse and rider

You will coach one horse and rider combination in this session. The combination will be working up to Novice level.

Section 3 will last approximately 45 minutes; your coaching session should last 40 minutes, and an additional 5 minutes for discussion with the assessor.

4. and 5. Verbally evaluate horse and rider partnerships

In these sections you will observe two horse and rider combinations. The horse and rider combinations will not be riding at the same time. You will make a verbal assessment of the rider, their skills, and the influence they have over the horse's way of going. They will be a partnership you have not coached before, but you may go on to coach them for later sessions in the assessment.

You will observe two horse and rider combinations for 10 minutes each. You will then discuss your observations with the assessor.

6. Coaching theory

This section will enable you to showcase your experience of training riders up to Advanced Medium level with understanding of further progression.

The focus should not be on the development of the horse, but instead the development of the rider's skills, confidence, and influence on the horse, although the horse's improvement and development may be discussed. You should also discuss your coaching styles and philosophy and how you adapt your coaching to meet the rider's needs.

Section 6 should last up to 45 minutes and may be assessed in pairs, groups or individually.

Assessment: Riding

Qualification title: BHS Stage 5 Riding - Dressage

Upon achievement of the qualification, you are able to list or advertise *Stage 5 Ride* after your name, should you wish.

Entry requirements:

- BHSQ Stage 4 Senior Ride for Training Dressage (unit), BHSQ Stage 4 Senior Ride for Training Eventing (unit), EQL Level 4 Diploma in BHS Riding and Training Horses, BHS Stage 4 Ride or direct entry.
- A minimum of 18 years of age.
- BHS Accredited Professional or BHS Gold Member.

Assessment overview

This qualification covers essential knowledge and skills required to produce horses suitable for dressage, with emphasis on horse welfare, wellbeing, longevity, and versatility.

The assessment involves five sections. All sections must be achieved on one assessment day for the qualification to be awarded. Sections cannot be 'banked' for any re-sit attempt.

The Riding assessment will usually last for approximately four hours (half-day assessment). You will ride five horses throughout the assessment and also complete a theory section via professional discussion.

The sections in the Riding assessment may be assessed in any order.

Section overview

Within all your riding sessions you will evaluate the horse's way of going and their level of training. From your evaluation you should continue to work the horse, using appropriate exercises to develop the horse. You must plan your ridden training sessions to develop the skills in each horse. You must work with empathy, effect, feel and understanding for the horse's capacity to learn and their wellbeing.

You will evaluate the sessions with your assessor and plan the horse's future training for development.

1. Outside ridden assessment of one horse

You will assess a horse on the flat as if for personal or centre purchase. The assessment will take place outdoors on grass and you may share the area with up to three other candidates. You will discuss your evaluation with the assessor.

Section 1 should last approximately 30 minutes, including discussions with the assessor.

2. Ride and assess two horses

You will ride two horses during this section. One, or both horses will be able to work up to and including Advanced Medium level.

Section 2 should last approximately one hour, including discussions with the assessor.

3. Ride and assess one experienced horse to develop the training

You will ride one horse during this section. The horse will be capable of work up to and including Advanced Medium level.

Section 3 lasts approximately 30 minutes, including discussions with the assessor.

4. Ride and assess one young, green or inexperienced horse

You will ride one horse during this section. You will assess the horse for their potential to participate in dressage competition, up to and including Novice level.

Section 4 should last approximately 30 minutes, including discussions with the assessor.

5. Riding and training theory

This section will give you the opportunity to discuss your training philosophies, methods, experience retraining horses and the maintenance of horses up to Advanced Medium level requirements, referencing the Training Scale in your discussions.

Section 5 should last approximately 45 minutes. You may be assessed individually, in pairs or groups.

Assessment: Working Horses from the Ground

Qualification title: BHS Stage 5 Working Horses from the Ground

Upon achievement of the qualification, you are able to list or advertise *Stage 5 Working Horses from the Ground* after your name, should you wish.

Entry requirements:

- BHSQ Stage 4 Senior Lunge (unit), BHS Stage 4 Lunge or direct entry.
- A minimum of 18 years of age.
- BHS Accredited Professional or BHS Gold Member.

Assessment overview

Lungeing or long reining using two reins is an essential exercise to train and develop a horse's way of going. This assessment demonstrates your advanced skills in lungeing with one rein to two, and long reining horses.

This assessment involves one section.

Section overview

1. Working horses from the ground

You will be given one horse to assess and work from the ground to develop their way of going.

The horse will be tacked up with any relevant equipment. You should check equipment for comfort and safety before you begin your session.

You should warm up the horse to assess their way of going. From your assessment you should continue to work the horse using appropriate techniques and exercises to develop the way of going and aid improvement. You should be prepared to utilise a combination of lungeing with two reins and long reining, unless you feel that one technique is unsuitable for the horse. You will work the horse with empathy and positive influence whilst developing an effective rapport with the horse. You must demonstrate an understanding for the horse's capacity to learn and their wellbeing. Safe practice is paramount.

You will discuss your session with the assessor highlighting the strengths and limitations in the horse's performance, your evaluation of the exercises and techniques chosen, your performance, and how you would plan to develop this horse's training with future sessions.

The section will last approximately 30 minutes.

Syllabus

Assessment Criteria	<p>Maintain health, safety and welfare of horse, self and others.</p> <p>Demonstrate competence to lunge a horse/pony on the flat with empathy and positive influence with an understanding for the horse's capacity to learn and their wellbeing.</p> <p>Assess and evaluate the horse's action and way of going on the lunge and work appropriately.</p> <p>Progress to work the horse using two lines on circles and straight lines.</p> <p>Recognise strengths and limitations in horse's current and potential performance.</p> <p>Demonstrate clear understanding of systematic training of horses.</p> <p>Select and demonstrate an appropriate plan to develop the way of going when working from the ground, using lunge techniques, long reining techniques and/or working in hand.</p> <p>Demonstrate competence to plan development and future learning.</p> <p>Show ability to positively self-reflect.</p>
The range and scope of the section will include	<p>Equipment may be of any variety, and candidates may bring their own equipment if required.</p> <p>Sole or shared use of an enclosed arena.</p> <p>Horse may be any size, type, sex or age from three years upwards.</p> <p>Horse may be of any level of training and experience.</p> <p>Horse may be capable of work quality ranging from limited to very good.</p> <p>Ground poles and assistance are available if required.</p>

Assessment: Stable Managers

Qualification title: BHS Stage 5 Stable Managers

Upon achievement of the qualification, you can list or advertise *Stage 5 Stable Manager* after your name, should you wish.

Entry requirements:

- BHSQ Stage 4 Senior Care (unit), BHS Intermediate Stable Manager or direct entry.
- A minimum of 18 years of age.
- BHS Accredited Professional or BHS Gold Member.

Assessment overview

You will demonstrate your competence and comprehensive knowledge for managing the care and welfare of horses and ponies in a range of situations. You will be expected to handle all types and ages of horses safely and confidently, showing respect and consideration for horses and any assistants. The assessment will be a combination of practical tasks and discussion and you will have opportunities to discuss your broad working knowledge of the equine industry. You will also deliver a training session to show your ability to impart your knowledge to others to support their development.

The assessment involves four practical sections. All four sections must be achieved on one assessment day for the qualification to be awarded. Sections cannot be 'banked' for any re-sit attempt.

The Stable Managers assessment will usually last for approximately four hours (half-day assessment). The sections in the Stable Managers assessment may be assessed in any order.

Section overview

1. Feeding and fitness

You will evaluate a horse's health, condition, fitness, and muscle development.

You will assess one horse in the stable. You will be required to age the horse. From a static analysis you will be expected to estimate the level of fitness and assess the development of main muscular groups. You will not be required to discuss in detail the horse's conformation strengths or weaknesses, unless you think it is directly affecting the horse's health, condition, or muscle development. Your evaluation will progress to the management of different types of horses with a specific focus on feeding and fitness.

Discussions surrounding the management of a horse and their fitness work and feeding will include from out of work to participation. You will be expected to discuss a variety of disciplines.

Section 1 should last approximately one hour, conducted individually or in pairs.

2. Veterinary, saddlery and practical skills coaching

The veterinary section will be a professional discussion for you to demonstrate your practical competence and understanding of the yard manager's responsibility towards drugs and preparations, as described by the veterinary profession. You will be aware of good practice to implement within a yard with regards to staff training, policies and procedures when storing, handling and administering medications.

The saddlery section will assess your ability to evaluate the use of a wide variety of tack for different horses in commercial and competitive environments.

There will be a range of saddles, bridles, bridle work and training aids available for discussion. Discussion may include saddlery for all disciplines or the commercial environment.

For the practical skills coaching session, you will showcase your ability to deliver training to others on a stable management task. The topic you will be asked to deliver will be chosen at random by your assessor, on the day of your assessment. The topic for your training session may include, but not limited to:

- Fitting tack.
- Methods of restraint for safety and welfare.
- Administration of medication.

You will not be required to bring a lesson plan to your assessment; however, we recommend you are prepared to deliver any of the topics listed above. Your training session should last no more than 15 minutes. You may be asked to deliver to a fellow candidate or staff/volunteer at the centre.

Section 2 should last approximately one hour, conducted individually or in pairs.

3. Static and dynamic assessment of conformation and action for purchase

For this section you will analyse static and dynamic conformation, including limb conformation and foot balance. You will then discuss your analysis, the horse's potential use and market value.

You will analyse two horses, one at a time. You will not be given any information about the horses. The horses may be of any age, type, breed, size and conformation. An assistant will be available to hold and trot up the horse as per your instructions which should be clear and polite. There will be a suitable outside area to observe the horses.

You will be expected to observe each horse from all angles, up close and from a distance. You will be required to age the horses. Possible areas for discussion include conformational strengths and weaknesses, condition, muscle development, straightness of movement, soundness, injuries and blemishes, and potential performance capability. Following your observations, you will discuss each horse's possible use, conformational suitability for various disciplines and any factors that may affect this. You will make recommendations for the horse's management and workload with the view to promote good health, welfare, wellbeing, fitness, and longevity.

Finally, you will discuss the buying and selling of horses, vetting procedures and factors that contribute to the horse's market value.

Section 3 should last approximately 30 minutes.

4. Breeding, static assessment of breeding stock and grassland management

For this section you will confirm your understanding and knowledge surrounding the breeding of horses, their management and young horse handling. Although you may not choose to breed horses within your career, you should have a working knowledge of breeding processes and requirements for breeding stock.

You will assess one mare in the stable. You will not be given any information about the mare. The mare may be of any type, size, age, and condition. You will be required to carry out a static assessment only. You will also age the mare.

For the grassland management discussion, you will be required to assess and evaluate grassland for its maintenance and improvement.

Section 4 should last approximately 30 minutes, conducted individually or in pairs.

Assessment: Business Management

Qualification title: BHS Stage 5 Business Management

Upon achievement of the qualification, you are able to list or advertise *Stage 5 Business Management* after your name, should you wish.

Entry requirements:

- BHSQ Stage 4 Senior Management (unit) or direct entry.
- A minimum of 18 years of age.
- BHS Accredited Professional or BHS Gold Member.

Assessment overview

This qualification covers essential knowledge and skills required of a manager to run a successful equestrian business with confidence and competence. The assessment will be discussion based and you will have opportunities to discuss your broad working knowledge of the equine industry.

This assessment involves two sections. All sections must be achieved on one assessment day for the qualification to be awarded. Sections cannot be 'banked' for any re-sit attempt.

The Business Management assessment will usually last for approximately two and a half hours. You will begin with the Section 1 and then progress to Section 2.

This assessment can be taken face to face at a BHS Assessment Centre or via online video call.

Section overview

1. Professional Discussion or Presentation

Throughout your career you will be aware of new information, guidance and research that may influence how you manage your business. In this assessment you will demonstrate your knowledge in a chosen topic, demonstrating current industry thinking and awareness of a range of sources of information that has influenced your views.

For this assessment you will explore a topic of your choice relative to your own experience. A topic must be chosen from the selection listed in Section 2 of the Business Management syllabus on pages 26-27.

You have the option to present using software such as Microsoft PowerPoint, although this is not compulsory. You must provide your own equipment and resources. You could present to an individual (your assessor), or a small group of other peers and practitioners.

Following your presentation, the assessor will have an opportunity to ask questions.

Section 1 should last approximately 20 minutes.

2. Business management

You will cover the range of policies, procedures, and good working practice you would implement within a successful business. You will explore the policies an equestrian business would follow for it to comply with employment law and legislation, how you would implement the range of procedures that underpin the policies, the training that may be required and how you will ensure all employees follow good working practice.

Section 2 should last up one hour and 40 minutes, conducted individually or in pairs. This section is assessed through discussion.
